Amendments to "Immediate Effectiveness" Rule 45 FR
34279

Dear Sir:

In a January 30, 1979 letter to the Secretary of the Commission (attached) the Atomic Industrial Forum provided the basis for our judgment that the present immediate effectiveness rule should be retained.

We continue to believe that the present immediate effectiveness rule should be retained. We therefore recommend the adoption of Option E ("Retain the present system unchanged") in the subject proposed rulemaking.

We thank you for the opportunity to comment on these proposed amendments and would be pleased to answer any questions you have on the attached.

Sincerely,

Carl Walske
