Washington, D.C. 20545

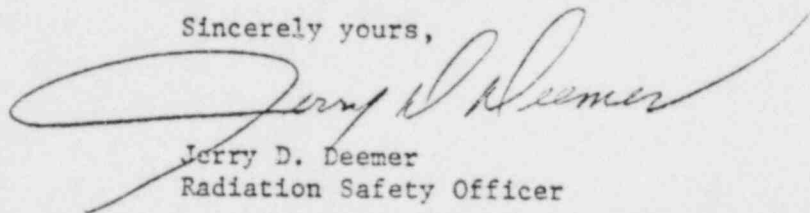

Ref: License No. 12-0661-02E

Dear Sir:

Part 32.20, Title 10 of the Rules and Regulations of NRC requires that each person licensed under Part 32.18 shall maintain records identifying by name and address each person to whom byproduct material is transferred. These records are maintained.

Also, required, and attached, is a summary report (for the period from July 1, 1979 to June 30, 1980) which states the total quantity of each isotope transferred under the specific license referenced to above.

Sincerely yours,

Jerry D. Deemer  
Radiation Safety Officer
