Docket No. 40-08632

U.S. Department of the Army
ATTN: Commander, Letterkenny Army Depot
SDSLE-AS
Letterkenny
Chambersburg, Pennsylvania 17201

Gentlemen:

Subject: Inspection 80-01

This refers to the routine inspection conducted by Mr. J. Nicolosi of this office on May 23, 1980 of activities authorized by NRC License No. SUC-1308 and to the discussions of our findings held by Mr. Nicolosi with Messrs. Callin and Hamsher of your staff at the conclusion of the inspection.

With respect to License No. SUC-1308, the inspection was limited to discussions of your plans for future activities authorized by this license. From these discussions it is our understanding that this license is presently inactive and that you have not received any material authorized by this license. We also understand that you do not plan any use in the near future. We also understand that if you plan to expand the scope of your licensed activities that you will evaluate the need for a full time health physicist. If these understandings are incorrect, please inform us.

Within the scope of this inspection, no items of noncompliance were observed.

In accordance with Section 2.790 of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and your reply will be placed in the Public Document Room.

No reply to this letter is required; however, should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

John D. Kinneman, Chief
Materials Radiological Protection
