Re: Docket No. 50-133
License No. DPR-7

Dear Mr. Engelken:

This is in response to your letter dated April 7, 1980 which transmitted IE Bulletin No. 80-08 concerning examination of containment liner penetration welds.

We plan to propose a schedule for submission of this information for Humboldt Bay Power Plant Unit No. 3 after the seismic issues that are now currently being studied have been resolved.

Very truly yours,

Philip A. Crane, Jr.
