Dear Mr. Snyder:

I wish to thank you for your attention to my requests of certain reports. I would like to obtain the NRC's response to the Heidelberg Report which will be published this month.

Is the report: Environmental Assessment- Use of EPICORE-II at Three Mile Island Unit-2, (NUREG-0591), available from your office?

Just recently I have been receiving the TMI weekly status report through your office in Middletown. I would like to know if it is possible to obtain the ones issued since the accident up to June, 1980? I have kept other records as I could obtain, along with all the ~~■~~ reports I could find out about and obtain.

Is it possible to have a listing or catalog for reports issued by the Nuclear Regulatory Commission. It is really time consuming to read footnotes, and write the GPO Sales office for each and every report. Do you have a mailing list to provide those interested in obtaining current publications?

Thanking you in advance for your prompt attention to this matter.

Yours truly,
