Re: Pacific Gas and Electric Company,  
(Stanislaus Nuclear Project, Unit  
No. 1), NRC Dkt. No. P-564A

Dear Mr. Meiss:

Enclosed herewith are the originals of the depositions taken by the NRC Staff of eight PG&E employees on June 3 and 4, 1980. Please submit them to the deponents for examination and signature pursuant to 10 C.F.R. §2.740a(e) and then return them to me. I suggest that each deponent sign his name at the bottom of the last page of testimony of his respective transcript, since no signature page is included.

Attached to each of the Perry, Hall, Allured and Badet transcripts is a letter from the stenographic reporting firm explaining their failure to attach the exhibits to these particular transcripts. The original exhibits are also attached, making these transcripts complete.

Thank you for your cooperation in this matter. I apologize for the delay in providing the transcripts to the deponents for signature.

Very truly yours,

*Jack R. Goldberg*
