Dr. Joseph M. Hendrie,

We are seventh graders in Edgewood Middle School and we are writing to you to find out more about the accident on Three Mile Island. Here are some questions we would like you to answer:

SP-75

- ✓ 1. What will happen if all Nuclear Power Plants were shut down?
- ✓ 2. Is Nuclear power best for the future?
- ✓ 3. Can we continue to use our regular transportation without the use of Nuclear power?
- ✓ 4. Is Nuclear power practical?
- ✓ 5. What will you do with the reactors when energy is cut even shorter?
- ✓ 6. Are you going to build more Nuclear Power Plants in the future?
- ✓ 7. Are you going to shut down the rest of the other power plants similar to the one on Three Mile Island?
- ✓ 8. How many other power plants have had malfunctions such as the one on Three Mile Island?
- ✓ 9. What is the N.R.C. responsibilities in regard to Nuclear Power Plants and the publics safety?
- ✓ 10. Where will you store Nuclear waste next?
- 11. May we have a list of all the Nuclear Power plants and their location?

Thank you for your time and consideration.

Sincerely Yours,  
7B Team
