In the Matter of Consumers Power Company
Midland Plant, Units 1 and 2
Docket Nos. 50-329 and 50-330

Dear Mr. Roisman:

Enclosed is a copy of a letter dated May 4, 1971, from the Director of the AEC's Division of Reactor Licensing to Consumers Power Company, transmitting comments of the United States Department of the Interior on the AEC draft environmental statement for the Midland Plant, Units 1 and 2.

At the conference on May 1, 1971, I served a copy of these comments on each party in attendance. I also provided copies to Chairman Murphy and Dr. Hall of the Atomic Safety and Licensing Board. Since you were not present at the conference I am enclosing herewith a copy of the Interior comments. By copy of this letter I am transmitting copies of the comments to Dr. Goodman of the Board and counsel for the Midland Nuclear Power Committee, since they did not attend the May 1 conference.

Sincerely,

David E. Kartalia
Counsel for
AEC Regulatory Staff
