All of these Motions are interrelated and we should like to file a joint response to be mailed on or before Friday, June 24, 1977. This additional period of a few days is necessary in order for us to communicate with Dr. Timm and to account for the fact that because of personal reasons, I have not been in the office full time during the past days.

WHEREFORE, Intervenors request that their responses or oppositions to the above Motions be timely filed if mailed on or before June 24, 1977.

Respectfully submitted,

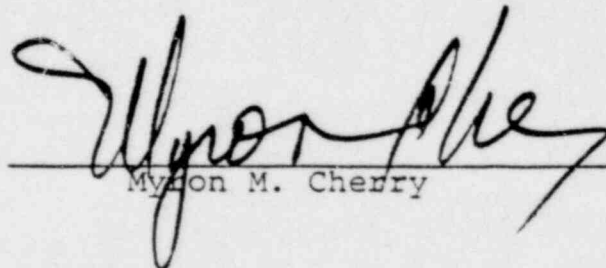

Attorney for All Intervenors
except Dow Chemical Company
