Dear Mr. Chairman:

We are not yet in receipt of your May 27th telegram outlining the additional interrogatories which the Regulatory Staff is now required to answer.

In addition, in your Order of June 1st with respect to "Offers of Proof", you state that you did not receive any suggestions by the intervenors whom I represent. Please be advised that on May 20, 1971, we addressed a letter to you outlining our suggestions on the Offer of Proof. This was the same letter in which the request for depositions and subpoenas was made.

Respectfully,

Myron M. Cherry
