Docket Nos. 50-329 & 50-330

Dear Mr. Murphy:

From conversations with the office of the Atomic Safety and Licensing Board Panel and your assistant in New York, I judge that you have copies of at least the most significant of the various Midland letters and pleadings which arrived at your New York office after your departure for Wellfleet, Massachusetts. However, in case some important item has escaped your attention, I am enclosing copies of all items in our Midland correspondence and pleading file dated after July 23rd.

Sincerely,
