Mr. Robert A. Wiesemann, Manager
Special Licensing Projects
Westinghouse Electric Corporation
Box 355
Pittsburgh, Pennsylvania 15230

Dear Mr. Wiesemann:

This will acknowledge receipt of your telegram of November 19, 1971, regarding certain Westinghouse reports which are the subject of consideration by an Atomic Safety and Licensing Board in the Matter of Consumers Power Company (Midland Plant, Units 1 and 2), Docket Nos. 50-329 and 50-330.

I am aware of the situation to which you refer in your telegram. As you know, this matter was dealt with at a procedural conference held by the presiding Atomic Safety and Licensing Board and the parties to the proceeding in Washington, D. C. on November 23, 1971. Counsel for Westinghouse was present during this conference and agreed to provide to the Board by December 7, 1971 a statement of the position of Westinghouse with respect to these reports.

Counsel for the AEC regulatory staff will keep me informed of any further developments with respect to this situation. At the appropriate time staff counsel will present our views on the matter to the Board.

Sincerely,

(signed) L. Manning Muntzing
