Robert D. Griffin
in Sir.

Midland Mich.

Please place my name on your list as
opposed to the Atomic Power Plant
Midland Mich. (Gerald C. Kruger) I have
lived here for a long time and I know we
have a bad air around us all the time but
I don't need anything like will be
caused off by a Nuclear Plant. even natural
radioactivity by accidents, which do happen
I am opposed to this plan because there are
many ways of cleaning up the air around us,
without adding the nuclear elements to it. A
method of cleaning up stacks by scrubbing the
stack is being used successfully by General
Motors in its Saginaw Plant now (see the
Saginaw News of about 2 weeks ago) They take
out the soot, and don't add nuclear particles to
the air and also have no nuclear wastes to
plague us and our children for hundreds
of years. We also have no safe place
to put these wastes, and "we never will
be able to do it." D. The fact.

The big reason for a Atomic Power Plant
Midland Mich. is not for ecology sake, but
economical boom for the one big Company
it is in Complete charge of all the economy
in the City of Midland.

I know the Merchant & Industrialists
are a larger voice than I but, I also have
lived here a long time, so Please listen to
little fellow once also, we small people
might just have justifiable cause too

Thank you

Gerald C. Kruger
