Dear Mr. Schlesinger:

I would like to bring to your attention the wide-spread local support for the proposed Nuclear Power Plant to be located at Midland, Michigan. I feel that this is a very important issue and deserves close attention.

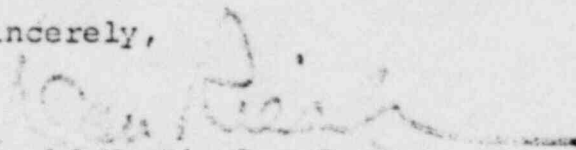

As you know, the construction of such a plant could benefit the community in a number of ways:

- employment opportunities
- technological advancement
- stronger and more reliable power source

These factors certainly support the plan and I would appreciate any consideration you could give to this matter. The community seems to be behind this project and I think we should do our utmost to familiarize ourselves with this situation.

Thank you for your cooperation and please don't hesitate to contact me if you wish to further pursue the matter.

Sincerely,

Donald W. Riegle, Jr.
