(Midland Plant, Units 1 and 2) )     50-330

DOW REPLY TO SAGINAW EXCEPTIONS

The Dow Chemical Company (DOW) has intervened for the purpose of doing what is properly can to expedite these proceedings, to help bring the matter to ultimate final conclusion at the earliest reasonable time.

Except where indicated because of some special knowledge on its part or because some other party was not ready, DOW's role has been a procedural one. It has avoided participation in the substantive merits of the litigation. It desires to continue that role on appeal. It is submitting only this limited memorandum at this time, because it anticipates that any response which it might file to the exceptions would not add materially to those to be filed by Applicant and the AEC Staff.

DOW does request the Appeal Board to permit it to continue its role as an Intervenor herein for the
