Gentlemen:

This letter is to give notice that we have concurrently asked our Office
of the Controller to bill your Company for the review of Amendment No. 2
to Topical Report SCE-1-A - Quality Assurance Program which was submitted
to the Office of Nuclear Reactor Regulation (ONRR) for review on May 1C,
1978. We understand that the ONRR staff completed the review of the above
amendment on November 8, 1978. Fees for this review are in accordance with
10 CFR 170.21, Category F - Special Projects and Reviews.

The total cost to be billed is $3,120 based on review time involving 80
professional man-hours at $39 per man-hour. The invoice for this amount
will be sent to you by the Office of the Controller within a few days.
Upon your receipt of the invoice, payment should be made to the U.S.
Nuclear Regulatory Commission and forwarded to the Office of the Controller.
When making payment, please make reference to the Controller's invoice
number. It is our understanding that the review of Amendment No. 3 to the
above report was completed by the ONRR staff on July 1, 1980. As soon as
the manpower data for this review are collected and verified, your Company will
be informed of the cost associated with that review.

We apologize for the lateness of this letter. For future bills, we are
striving to avoid a significant delay between the time the ONRR staff
completes the review and the time the invoice is sent to you for payment.

Sincerely,

Original Signed by
