GENERAL  ELECTRIC

NOTICE AND DISCLAIMER

This report was prepared by General Electric Company solely for the use of the U.S. Nuclear Regulatory Commission (NRC) in licensing the IF-300 Shipping Cask. General Electric assumes no responsibility for liability or damage which may result from any other use of the information disclosed in this report.

The information contained in this report is believed to be an accurate and true representation of the facts known, obtained or provided to General Electric at the time this report was prepared. General Electric Company and the individual contributors to this report make no express or implied warranty of accuracy, completeness or usefulness of the information contained in this report with respect to any change of fact or law set forth therein, whether material or otherwise, and General Electric Company makes no warranty or representation, expressed or implied, with respect to the accuracy, completeness, or usefulness of the information contained in this report, other than for the licensing of the IF-300 Shipping Cask or that the use of any information disclosed in this report may not infringe privately owned rights including patent rights.
