NRC

50-286

June 9, 1980

I am opposed to the venting of Krypton and all the other "particulates" whatever they may be.

Further, I am totally opposed to the reopening of Unit I or Unit II at any future date. For the first time in many years,

8008190034

we have birds on  
our farm - the  
Contract now and  
when the plants  
were operating leaves  
no doubt as to  
~~this destructive~~  
~~path~~ the origin  
of the destruction  
we have been  
encountering - the  
Nuclear Plant  
and its daily radiation  
releases "as approved by  
the NRC." Joan Fisher  
(E. T. Tiers)
