August 14, 1980

Mr. Darrell G. Eisenhut, Director
 Division of Licensing
 U.S. Nuclear Regulatory Commission
 Washington, DC 20555

Subject: Commonwealth Edison Company
 Response to Request for Update for Construction
 Completion Schedules
 LaSalle County Station Units 1 and 2;
 Byron Station Units 1 and 2;
 Braidwood Station Units 1 and 2
 NRC Docket Nos. 50-373/374, 50-454/455,
 and 50-456/457

- Reference (a): D. G. Eisenhut letter to All Applicants For
 Operating Licenses And Construction Permit
 Holders dated July 11, 1980
- (b): D. L. Peoples letter to H. R. Denton dated
 June 20, 1980

Dear Mr. Eisenhut:

In response to the request for information regarding
 construction completion schedules contained in Reference (a),
 Commonwealth Edison Company submits the following information.

<u>Unit</u>	<u>Scheduled Fuel Load Date (1)</u>	<u>Commercial Service Date (1)</u>
LaSalle Co.#1	12-31-80(2)	6-81
LaSalle Co.#2	12-81	6-82
Byron #1	4-83	10-83
Byron #2	4-84	10-84
Braidwood #1	4-85	10-85
Braidwood #2	4-86	10-86

- (1) Unless otherwise noted, the dates shown were reported to
 the NRC in Reference (b).
- (2) The LaSalle County Unit 1 fuel load date has been under
 extensive review, and the date reported herein is judged to
 be achievable. Uncertainties with respect to final
 completion of all per-operational tests introduce an
 uncertainty in this date judged to be no greater than two
 months.

Boos, 10
