Docket No.: 50-320

Mr. R. C. Arnold
Senior Vice President
Metropolitan Edison Company
100 Interpace Parkway
Parsippany, NJ 07054

Dear Mr. Arnold:

Subject: Future Reactor Building Purges

This is in response to your letter from G. Hovey (TLL 360) dated July 24, 1980, in which Metropolitan-Edison informed us of the intent to purge the reactor building on a routine basis. Approval for routine purging is granted on the basis that the operation is conducted in accordance with approved procedure 2104-4.91, applicable plant technical specifications and the Interim Criteria For Radiological Effluents From TMI-2 Data Gathering and Maintenance Operations. NRC notification of purging actions should be made through the established communication channels: POD meetings, procedure approvals, work requests, ECM's, etc.

Sincerely,

Original signed by
John T. Collins
