Mr. Charles E. MacDonald
Transportation Branch
Division of Fuel Cycle & Material Safety
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. MacDonald:

RE: Docket No. 71-0102

Dr. Roy A. Parker has briefed me on the meeting with you, Richard H. Odegaarden and Jack Spraul on Tuesday morning, July 15, 1980 in Silver Springs, Maryland. Your response to our request for clarifying information pertaining to our June 23, 1978 submission is acknowledged.

Pursuant to the commitment that Dr. Parker made in that meeting I confirm that Source Production and Equipment Company, Inc. will to the best of our ability submit on or before September 30, 1980 a quality assurance program addressed to the seventeen point criteria in the undated document entitled "10 CFR 71 - Appendix E Acceptance Criteria - Transportation Packages for Normal/Special Form Radioactive Material."

Sincerely,

R. F. Dicharry
President
