Re: Kerr McGee Chemical Corporation
West Chicago, Illinois facility
Docket No. 40-2061

Dear Mr. Nixon:

I recently received a copy of a July 15, 1980 memorandum prepared by you for the file on this matter. In this memorandum you stated that the following materials were given to Kerr-McGee:

Staff Technical Position, Fuel Process and Fabrication Branch, Interim Land Cleanup Criteria for Decommissioning Uranium Mill Sites, May 1978.

Guidelines for Decontamination of Facilities and Equipment Prior to Release for Unrestricted Use or Termination of Licenses for Byproduct, Source or Special Nuclear Material, November 1976.

Meeting to Establish Criteria for Decontaminating the Ex-Cotter Property on Latty Avenue in Hazelwood, Missouri, Meeting on September 22, 1978.

I would appreciate if you could send me a copy of the same.

Yours truly,
