▶ CHAIRMAN UNITED STATES NUCLEAR REGULATORY  
COMMISSION  
WASHINGTON DC 20555

(THE FOLLOWING IS A COPY OF THE MESSAGE SENT TO PRESIDENT JIMMY  
CARTER, WHITE HOUSE, WASHINGTON, DC 20500)

WE HEREBY REQUEST THAT YOU ORDER THE IMMEDIATE CLOSURE AND SUSPENSION  
OF ALL OPERATIONS OF THE TROJAN NUCLEAR POWER PLANT WHICH IS LOCATED  
ONLY 34 AIR MILES FROM MOUNT ST HELENS. WE HAVE REVIEWED DOCUMENTS  
SUBMITTED BY THE OPERATORS OF TROJAN AND THE NUCLEAR REGULATORY  
COMMISSION. HENCE WE MAKE THIS REQUEST NOT OUT OF BLIND FEAR BUT FROM  
A REAL CONCERN. THE WEIGHT OF THIS TESTIMONY IS THAT AN ERUPTION OF  
MOUNT ST HELENS IS HIGHLY IMPROBABLE AND IF AN ERUPTION WERE TO OCCUR  
THE LIKELIHOOD OF IT CAUSING AN IMPACT ON TROJAN IS "EXTREMELY  
REMOTE" THE IMPROBABLE AND REMOTE ARE OCCURRING. DO NOT WAIT FOR A  
NUCLEAR DISASTER TO PROVE THE REMAINING ODDS WRONG. THESE STUDIES  
HAVE ALSO FAILED TO ADDRESS THE DIFFICULTY OF EVACUATION UNDER  
PRESENT CONDITIONS. EMERGENCY SERVICES ARE ALREADY SPREAD THIN. ROADS  
AND BRIDGES ARE WASHED OUT. TRAVEL BY CAR IS HAZARDOUS OR IMPOSSIBLE  
DUE TO ASH FALL-OUT. WE IN THE PACIFIC NORTHWEST DO NOT WISH TO LIVE  
WITH THE ADDITIONAL BURDEN OF NUCLEAR FALL-OUT. THE VOLCANO AND ITS  
HAZARDS ARE ENOUGH. YOUR IMMEDIATE ACTION ON THIS MATTER IS OF THE  
UTMOST IMPORTANCE.
