Dear Dr. Morrow:

In the interest of keeping your office current on NRC actions regarding the Cotter Corporation Willow Creek Uranium Recovery Project (Docket No. 40-8692), you will find enclosed copies of a portion of the Cotter Corporation June 26, 1980 application for amendment of Source Material License No. SUA-1370 referred to in Glenn Mooney's letter of July 25, 1980. Exhibits 3, 4, and 5 referred to in the submittal represent correspondence between Cotter and WY DEQ which you already have. We have enclosed in addition copies of the original Source Material License as well as the amendment issued in response to the June 26, 1980 application to bring you up to date.

Please let us know when you approve a new revised reclamation schedule for the proposed operation.

Sincerely,
