RE: OPI Commercial Source
Material License Appli-
cation, Docket #40-8745

SUBJECT: Response to comments

Dear Mr. Miller:

Ogle Petroleum Inc. (OPI) is currently preparing responses to the comments from the National Wildlife Federation and other organizations as rapidly as possible; however, due to the large number of comments it will be impossible to forward our responses by August 22, 1980. OPI has been in contact with Dr. Kelly (Oak Ridge National Laboratory) concerning the comments in order to provide the most meaningful assistance to the Oak Ridge Staff.

OPI will forward its responses to the comments to the NRC and Dr. Kelly as soon as possible. Please get in touch with me if there is any specific information concerning a particular comment that OPI can provide at this time.

Sincerely,

OGLE PETROLEUM INC.
