Mr. J. G. Partlow, Chief  
Material Control and Licensing Branch  
Division of Safeguards  
United States Nuclear Regulatory Commission  
Washington, D. C. 20555

REFERENCES: (1) SNM-1168, Docket 70-1201

Gentlemen:

The Babcock & Wilcox Company, Commercial Nuclear Fuel Plant requests amendment of SNM-1168 regarding storage of SNM over 12 months with measurement uncertainties greater than 10% and limited use of non-representative standards. Accordingly, a check for \$300 is attached to cover the two administrative licensing fees.

Attachment I to this letter describes the request concerning storage of SNM with measurement uncertainties greater than 10% for longer than 12 months and the need and basis for the request.

Attachment II to this letter describes the request for limited use of non-representative standards for certain contaminated liquids and the need and basis for the request.

Due to the nature of the information expressed, we request that the attachments to this letter be withheld from public disclosure as provided by 10 CFR 2.790(d).

If questions arise during your review, please feel free to contact D. W. Zeff at (804) 384-5111, Extension 5211 or J. P. Watters at (804) 384-5111, Extension 5966.

Sincerely,

BABCOCK & WILCOX COMPANY  
COMMERCIAL NUCLEAR FUEL PLANT
