Mr. Charles E. MacDonald, Chief
Transportation Certification Branch
Division of Fuel Cycle and Material Safety
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Docket No: 71-5442

Dear Mr. MacDonald:

This correspondence is to inform you that Babcock & Wilcox, Nuclear Materials & Manufacturing Division, PA Operations has elected not to pursue renewal of the Certificate of Compliance #5442 for the Model LA-36 shipping container. Use of this container for future material shipments at PA Operations is unforeseen as alternative shipping packages are available.

If you have any questions or comments, please contact me or Mr. P. J. Defilippi of my staff.

Sincerely,

Don X Sgarlata for M.A.A.
