MEMORANDUM

TO: Robert E. Sundin, Director, Department of Environmental Quality

THROUGH: William L. Garland, Administrator, Water Quality Division *WLG*

FROM: A. J. Mancini, Environmental Engineer, Water Quality Division

DATE: August 7, 1980

SUBJECT: NRC Draft Environmental Statement related to operation of Bison Basin Project, Ogle Petroleum, Inc. (NUREG-0687), June 1980, Docket No. 40-8745

It doesn't seem necessary to comment on this document inasmuch as the Water Quality Division has reviewed and commented on the in situ application submitted to the Department of Environmental Quality by Ogle Petroleum, in concert with the Land Quality Division. The Land Quality Division reportedly is ready to approve Ogle's application; the Water Quality Division has no objections to approving the application.
