RE: Commercial Source Material
License Application, Docket
No. 40-8745

SUBJECT: Wyoming Department of Health and
Social Services Memorandum dated
June 23, 1980

Dear Mr. Rothfleisch:

Ogle Petroleum Inc. (OPI) does not plan on providing responses to the subject Memorandum at this time except to say that the number of anticipated employees is approximately 30 both during construction (initial) and during operation (permanent). It appears that the " cursory perusal of the DES" resulted in some misconceptions (i.e., 1,100 multi-family home needs, 450 mobile homes, entirely new community, etc.).

Please get in touch with me if there is any specific information that OPI can provide that will assist the NRC in responding to this Memorandum.

Sincerely,

OGLE PETROLEUM INC.
