Docket 40-2061

Attention: Mr. W.A. Nixon
Uranium Porcess Licensing Section
Uranium Fuel Licensing Branch

Dear Mr. Nixon:

We note your memorandum-letter of July 15, 1980. We also note in particular the last paragraph on page two of that letter. You are hereby advised that the City of West Chicago officially objects, as it has all along, to an on-site burial. We also wish to advise you that while Kerr-McGee under their licensing provisions may still be liable for any future safety and environmental risks, this is not a satisfactory assumption of a risk problem to the City of West Chicago. It is the position of the City of West Chicago that it should be risk free as far as this situation is concerned.

If you will advise at your earliest convenience we will comply.

Yours very truly,

A. EUGENE RENNELS,
Mayor, City of West Chicago
