Docket No. 50-320

Los Angeles Times  
Attn: Copyright Release Office  
Times Mirror Square  
Los Angeles, California 90053

Dear Sir:

Would you please sign and return the copyright release form below for the article "Radiation: A Deadly Fact of Everyday Life" from the September 17, 1979, edition of the Los Angeles Times. The U.S. Nuclear Regulatory Commission (NRC) inadvertently printed a copy of the article in Volume 2 of its "Final Environmental Assessment for Decontamination of the Three Mile Island Unit 2 Reactor Building Atmosphere," a copy of which is enclosed. The article was sent to NRC by the TMI Legal Fund as an attachment to that organization's comments on NRC's draft Environmental Assessment.

The Final Environmental Assessment will be sold on a not-for-profit basis by the National Technical Information Service, a branch of the U.S. Department of Commerce, and by the U.S. Superintendent of Documents. Both of these agencies require that releases be obtained for copyrighted materials that appear in government reports they sell.

Please return forms by September 19, 1980, to:

Ms. Marilee Duncan  
Three Mile Island Program Office  
Office of Nuclear Reactor Regulation  
U.S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Thank you for your cooperation in helping us to disseminate this important report.

Sincerely,

Bernard J. Snyder, Program Director  
Three Mile Island Program Office  
Office of Nuclear Reactor Regulation
