Division of Fuel Cycle and Material Safety

Dear Mr. MacDonald:

I am presently revising the ATCOR Washington, Inc. Quality Assurance Manual, and Quality Assurance Program.

ATCOR Washington, Inc. is in the process of changing its name to ATCOR Engineered Systems, Inc. This name change should become official within the next four (4) weeks. When the change becomes official, it will replace our present name as shown on our Q.A. Program.

I expect to have these documents revised by mid October, at which time I will submit the Quality Assurance Program.

Very truly yours,

ATCOR WASHINGTON, INC.
