Mr. Robert H. Groce  
Senior Engineer - Licensing  
Maine Yankee Atomic Power Company

Dear Mr. Groce:

We have reviewed your response to our November 9, 1979 letter concerning those portions of your ECCS evaluation models, dealing with fuel cladding swelling and incidence of rupture.

We find that you have adequately confirmed the representations made in your behalf by your fuel supplier. We, therefore, conclude that your response is acceptable and that no further action is necessary at this time.

Sincerely,
