

NOV 9 1988

Docket Nos. 50-206, 50-361 and 50-362

Southern California Edison Company
San Onofre Nuclear Generating Station
P. O. Box 128
San Clemente, California 92672

Attention: Mr. H. E. Morgan
Station Manager

Gentlemen:

This is in response to your letter of October 17, 1988, by which you transmitted Revision 21 to the San Onofre Nuclear Generating Station (SONGS), Units 1, 2, and 3, Physical Security Plan. This also refers to your letters of December 15 and 30, 1988, submitting revised pages 8-1 and I-3, respectively, to the plan. We have reviewed the plan revision and the two subsequent revised pages, and have determined that portions of the plan changes as revised are consistent with the provisions of 10 CFR 50.54(p) and are therefore acceptable. However, one portion was not acceptable as indicated in the attached enclosure. Accordingly, you are to follow your previously approved plan in regard to this item. Resubmit a corrected page change as necessary to maintain plan continuity.

Should you want to pursue changing the security plan with respect to the change set forth in the enclosure, you should resubmit under the provisions of 10 CFR 50.90.

The enclosure to this letter contains Safeguards Information which is required to be protected against unauthorized disclosure in accordance with 10 CFR 73.21.

The enclosures to your letter contain Safeguards Information of a type specified in 10 CFR 73.21 and are being withheld from public disclosure.

If you have any questions concerning this matter, please contact A. D. McQueen of this office at (415) 943-3770.

Sincerely,

original signed by

Ross A. Scarano, Director
Division of Radiation Safety
and Safeguards

Enclosure: As stated.
