Mr. Neil Moore
U.S. Nuclear Regulatory Commission
Export/Import and International Safeguards
Office of International Programs
Washington, D.C. 20555
Re: Amendment in E/L XU08688 for The Kansai Electric Power Company, Inc.

Mr. Moore,

Please note that The Kansai Electric Power Company, Inc. requests that the Export License we have submitted to you be amended. In section 18, the part entitled "maximum element weight" previously read 75,000 KGU. The new revised figure should read 74,500 KGU.

Should you have any questions, please do not hesitate to call me at (212) 605-2150.

Thank you for your attention to the above.

Sincerely,

T. Maruyama, Manager
Advanced Metals and Nuclear Fuel Dept.
Non Ferrous Metals Division
