Dear Sir,

This letter is in response to the violations that occurred on September 20, 1989.

1. The corrective steps that were taken are as follows:
An Amendment (No. 06) was sent in to your office correcting the Radiation Safety Officer and the Radiology group as users. I then recieved the notification of the amended license on October 26, 1989.
2. The corrective steps that will be taken to avoid futher violations will be the proper amendment correction before the users are changed, or the RSO is changed.
3. Full compliance has been achieved as of October 26, 1989. The date in which we received are amended license. Amendment No. 06 and license No. 13-20329-01.

Thank you for your cooperation and your patience.

Sincerely,

Darus Hime RTR

Darus Hime RTR
