RE: License No. SUA-1470  
Docket No. 40-8902

RETURN ORIGINAL TO PDR, HQ.

Dear Mr. Hall:

On August 25, 1989, ARCO Coal Company (ARCO) submitted a request to NRC for disposal of some research by-product waste at the Bluewater Uranium Mill. The by-product waste was generated by ARCO's Tucson Research Center (TRC) for research performed for metallurgical processing for the Bluewater Uranium Mill. As per telephone conversation on November 1, 1989 between Natver Patel of my staff and Pete Garcia of your staff, an approval will be granted through license amendment. Enclosed is a \$150.00 check for the license amendment.

Should you have any questions, please contact me or Natver Patel of my staff.

Sincerely,

R. S. Ziegler  
Project Manager
