Gentlemen:

Thank you for the submittal of your Quality Assurance Topical Report CPC-2A, update Revisions 9 and 10. We have reviewed the changes associated with both revisions. In addition, we reviewed changes that have occurred in Chapter 5.2, Classification of Structures, Systems and Components, through Revision 9 of the Palisades FSAR submitted on June 30, 1989.

We find that your Quality Assurance Topical Report and the Classification of Structures, Systems and Components for the Palisades facility continue to meet the requirements of 10 CFR 50, Appendix B, and are acceptable. If there are changes to QA commitments existing in docketed correspondence outside of the Topical Report program description, you are obligated to notify this office.

We appreciate your timely submittal of information required by 10 CFR 50.54(a). Please contact Mr. Monte Phillips (708/790-5530) with any questions regarding this matter.

Sincerely,
