FREEDOM OF INFORMATION  
ACT REQUEST

FOIA-89-396  
Rec'd 9-15-89

Mr. Donnie H. Grimsley, Director  
Division of Information  
and Publication Services  
Office of Administration  
and Resources Management  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Re: Freedom of Information Act Request

Dear Mr. Grimsley:

On September 1, 1989, the Office of People's Counsel sent a Freedom of Information Act request to your attention. (Copy attached) The request asked for transcripts of senior management meetings from 1985 to 1989 regarding Calvert Cliffs. At this time, I would like to supplement that request. Please provide any background information and supporting documents about Calvert Cliffs used at the senior management meetings.

As stated in the previous letter, People's Counsel is a state agency which represents residential customers of the utilities regulated by the Public Service Commission of Maryland. The information requested will be used to assist People's Counsel in making a recommendation to the Commission as to whether the Baltimore Gas and Electric Company complied with the statutory provision requiring that the Company maintain the productive power of its generating plants at a reasonable level. In making a determination on that issue, the Commission must decide whether the Company's management of Calvert Cliffs was prudent. Any information the NRC has on this subject would assist People's Counsel in making a sound recommendation to the Commission.

People's Counsel again requests that you waive the fees involved in providing this information, since the information will be used to benefit the general public. As with our prior request, People's Counsel will pay the fee if you determine that is necessary.

Thank you for your assistance.

Very truly yours,

Kirsten A. Burger  
Assistant People's Counsel
