SUBJECT: Indian Point Units No. 1 and 2  
Physical Security Plan - Revision 11

Pursuant to the provisions of 10 CFR 50.54(p), enclosed is one controlled copy of Revision No. 11 to the Indian Point Units No. 1 and 2 Physical Security Plan. This revision results from an organizational structural change made to increase plan effectiveness and efficiency. It is our evaluation that the changes do not decrease the safeguards effectiveness of the Physical Security Plant for Indian Point Units No. 1 and 2.

In accordance with 10 CFR Sections 2.790 (d) and 73.21, correspondence and reports to and from the NRC which identify a licensee's control and accounting procedures for safeguarding licensed special nuclear materials or detailed security measures for the physical protection of a licensed facility are exempt from disclosure. We understand therefore, that this letter and enclosures, will not be placed in the Public Document Room and will receive limited distribution.

Should you or your staff have any questions regarding this matter, please contact Mr. Charles W. Jackson, Manager, Nuclear Safety and Licensing.

Very truly yours,
