Mr. Mark L. Matthews
 Acting UMTRA Project Manager
 U.S. Department of Energy
 Uranium Mill Tailings Project Office
 5301 Central Avenue, N.E., Suite 1700
 Albuquerque, New Mexico 87108

Dear Mark:

Cheryl Mantelli, Vicinity Properties Specialist for the Technical Assistance Contractor (TAC), left the UMTRA Project on August 18, 1989. Miss Mantelli has been a great asset to the VP program over the last 2 years and her expertise will be greatly missed. However, we can all feel some consolation in knowing that she will be an enthusiastic and talented teacher in the elementary educational system.

Please welcome Cindy Duran, who is currently training in the Vicinity Properties area of the project under Carol Moore, the TAC VP Manager. Miss Duran will be working with Vicinity Properties on a part-time basis. Her working schedule will be revised each semester and issued for your convenience. Presently her hours are from 11:00 a.m. to 5:15 p.m.

Please place Carol Moore on the distribution list for all documents issued to the TAC. A copy without enclosures should also be issued to Cindy Duran. If you have any questions, please contact Carol Moore or Cindy Duran at (505) 846-4030.

Very truly yours,
 JACOBS ENGINEERING GROUP INC.
