RE: Amendment to License No. 20-18449-01
Docket No. 030-151054

Dear Dr. Glenn:

This is to request a license amendment in the above-referenced license changing the name of the licensee from Medical Imaging Corporation to MEDIQ Imaging Services, Inc. Pursuant to the transaction described in my letters to you dated July 28 and August 5, 1988, and following your letter of consent dated September 7, 1988, Medical Imaging Corporation was merged into MEDIQ Imaging Services, Inc., and Medical Imaging Corporation no longer exists. However, the laboratory, its personnel and operations all remain the same. Please find enclosed a check for \$120.00 for the license amendment filing fee.

Thank you again for your assistance. Please do not hesitate to call me if you have any questions or if I can be of any further assistance.

Sincerely,

Lori Pearlman

RE: Medical Imaging Corporation
North Andover, Massachusetts
Materials License No. 20-18449-01
(Docket or Reference No. 030-15104)

Dear Dr. Glenn:

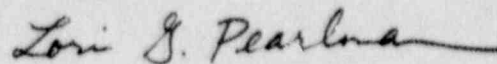

This is to advise the Nuclear Regulatory Commission (the "Commission") that the above-referenced licensee, which operates a physiological laboratory providing nuclear medicine services and whose stock is currently owned by MEDIQ Mobile Services, Inc., a wholly-owned subsidiary of MEDIQ, Incorporated, is to be merged into MEDIQ Imaging Services, Inc., a wholly-owned Delaware subsidiary of MEDIQ, Incorporated. Please note that (i) the laboratory will continue to provide services in substantially the same manner as it currently does, (ii) no change is currently contemplated in the purpose for which the above-referenced license was granted, the sites at which the materials are used or the individuals authorized to use such materials, and (iii) the laboratory's practices regarding general management of all laboratory operations, the handling, transferring and disposal of all nuclear materials and wastes and compliance with nuclear safety measures, including monitoring exposure levels, will remain unchanged. We understand that a license amendment changing the name of the licensee will be necessary and we will contact the Commission at the time of the merger to request that amendment.

John E. Glenn, Chief

Thank you for your assistance in this matter. If you have any questions or need additional information, please do not hesitate to contact me.

(Docket or Reference No. 030-15104)

Dear Dr. Glenn:

As a follow-up to my letter to you dated July 28, 1988, regarding the above-referenced licensee, this is to notify you of an erroneous statement that was inadvertently included in that July 28 letter. Contrary to a statement in that letter, the sole shareholder of Medical Imaging Corporation is currently MEDIQ, Incorporated, not MEDIQ Mobile Services, Inc.

All other factors described in the July 28 letter remain accurate. As described, Medical Imaging Corporation is to be merged into MEDIQ Imaging Services, Inc., a wholly-owned Delaware subsidiary of MEDIQ, Incorporated. All of the assurances provided in the July 28 letter regarding the relevant parties' intentions to continue to operate the laboratory in substantially the same manner as it is currently operated and, particularly, to continue to follow all of the same procedures with respect to the nuclear medicine materials and services are unchanged.

Although the error described above has no impact on any nuclear regulatory issues, this letter has been sent to ensure that your files contain accurate information.

Thank you very much for your assistance. Please do not hesitate to contact me if you have questions or need any additional information.
