Dear Mr. White:

Enclosed for your information is a copy of the final report documenting the team operational safety assessment performed the week of July 10-14, 1989 at Sequoyah Fuels Corporation's Gore, Oklahoma uranium conversion facility. The NRC team was assisted during the assessment by Mr. Landis Powell of your staff.

We would like to take this opportunity to thank you and your agency for your support and participation in the assessment. In particular, we wish to commend Mr. Powell for his contribution to the team assessment. His input was of high professional quality and proved invaluable to the goal of evaluating the overall operational safety of this facility.

Sincerely,
