

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555

November 30, 1989

The Honorable Richard G. Austin
Acting Administrator
General Services Administration
18th and F Streets, NW.
Washington, DC 20405

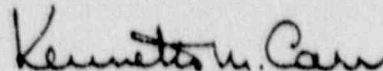

Dear Mr. Austin:

I wish to offer my appreciation for the outstanding support given by the General Services Administration (GSA) when a tornado struck our office building in King of Prussia, Pennsylvania, on November 16, 1989.

A GSA team from your Region III office, led by Mr. George P. Cordes, Regional Administrator, and Mr. Thurman M. Davis, Assistant Regional Administrator, Public Buildings Service, was on-site immediately. They offered technical assistance to our staff and effectively coordinated the necessary repairs to the building. Our facility sustained considerable damage but, due to the efforts of the GSA team, the impact on our ability to continue operations was minimal.

I am grateful for their efforts and, on behalf of the U.S. Nuclear Regulatory Commission, commend them for the commitment and dedication they displayed during this emergency.

Sincerely,

Kenneth M. Carr
