MEMORANDUM FOR: Robert D. Martin, Regional Administrator
Region IV

Thomas E. Murley, Director
Office of Nuclear Reactor Regulation

Lawrence J. Chandler, Assistant General Counsel
for Enforcement
Office of the General Counsel

FROM: James Lieberman, Director
Office of Enforcement

SUBJECT: OI REPORT 4-87-011, RE: ANO

The above captioned OI report involves reporting false as-found leak rate values in the Integrated Leak Rate Test (ILRT) report. Because of the nature of the report's conclusions, I am requesting OGC to analyze the report to determine if there is sufficient evidence to support enforcement action against Arkansas Power and Light. OE will arrange a conference with NRR, OGC, and Region IV regarding development of an enforcement action within three weeks of the date of this memorandum.
