Ms. Kathleen M. Bennett
Assistant Administrator for Air,
Noise and Radiation
U.S. Environmental Protection Agency
Washington, D.C. 20460

Dear Ms. Bennett:

In my letter of January 8, 1982 and during my visit on February 25, 1982, I told you I would be issuing guidance to the NRC Regional Administrators concerning jurisdiction relating to sites contaminated with radioactive material. A copy of this guidance is enclosed.

As we discussed, I look forward to an appropriate time for further discussion between our offices which will lead to clarification of our respective agency's responsibilities to avoid duplication of effort by our staffs.

Sincerely,

Original Signed by

John G. Davis, Director
Office of Nuclear Material Safety
and Safeguards
