Jocket No. 50-295
Docket No. 50-304

Commonwealth Edison Company
ATTN: Mr. Cordell Reed
Senior Vice President
Post Office Box 767
Chicago, IL 60690

Gentlemen:

This confirms our plans as discussed between Mr. Ron Chrzanowski of your staff and Mr. Julian Hinds of this office to have a meeting with you and members of your staff at the Emergency Operations Facility (EOF), 505 Shiloh Blvd., Zion, IL 60099, on January 4, 1989, at 1:00 p.m. (CST). The purpose of the meeting is to present the Initial SALP 8 Report for Zion Station.

We encourage you to have appropriate corporate and plant management representation at the meeting to ensure a mutual understanding of the issues and findings being presented by the NRC.

While this meeting is considered a presentation and discussion forum between Commonwealth Edison Company and the NRC, the meeting will be opened to any other interested parties as observers. Those persons outside the licensee and NRC staffs should inform the Regional Office of their intent to participate.

We hope this meeting will benefit your organization and provide you with a meaningful characterization of the overall safety performance for the Zion plant.

Sincerely,

Original signed by E. G. Greenman

Edward G. Greenman, Director
Division of Reactor Projects
