Dear Document Control Clerk:

This letter is to officially notify you that effective immediately, it will no longer be necessary for NRC Project Managers to contact the Radiation Control Program of the Massachusetts Department of Public Health for comments on amendments to the operating licenses of the Pilgrim Nuclear Power Plant and the Rowe Nuclear Power Plant.

It is the intention of the Radiation Control Program of the Massachusetts Department of Public Health to notify the NRC when and if we have comments on any amendments, and we therefore find the follow-up telephone calls by the NRC Project Managers to no longer be necessary. This request applies to the following docket numbers:

Docket Number 5029 -- Rowe Nuclear Power Plant  
Docket Number 5293 -- Pilgrim Nuclear Power Plant

If you have any further questions, please call me directly at (617) 727-6214.

Sincerely,

Robert M. Hallisey, Director  
Radiation Control Program
