Mr. Mark Matthews, Acting Project Manager
Uranium Mill Tailings Project Office
Albuquerque Operations Office
U.S. Department of Energy
P.O. Box 5400
Albuquerque, NM 87115

Dear Mr. Matthews:

We have received your letter of December 5, 1989, confirming January 17, 1990 as the date for a meeting in Albuquerque to discuss remaining NRC comments on the UMTRA Program Quality Assurance Plan. We will be sending M. Fliegel, D. Gillen, L. Pittiglio, and D. Hedges (NRC contractor) to attend the meeting.

In addition, M. Fliegel and D. Gillen have made arrangements to remain in Albuquerque an additional day (January 18) to discuss other generic or site-specific UMTRA topics. The planned change to the MOU revision to eliminate wording reflecting the fourth streamlining agreement has been mentioned as a possible subject. We would appreciate your suggestions for an agenda for January 18.

Should you have any questions regarding these meetings, please contact me or Dan Gillen of my staff (FTS 492-0517).
