Dear Ms. Robinson:

I am a pipefitter for Local Union 192 located in Baton Rouge, Louisiana. Jobs are scarce in Louisiana at this time and I am contemplating leaving the state to seek employment.

I would appreciate your forwarding to me, if available, a list of the scheduled outages planned for 1990 at the various nuclear power houses located throughout the U.S., in all five sections. If possible, I would like to know the location of the plant, the date the outage will begin, and how long it will last.

Thanks very much for your help.

Sincerely,

*Emmett R. Everett.*
